Dear Sir:

On November 9, 2005, Applicants mailed a document entitled "Reply to Office Action of May 9, 2005" (hereinafter "Reply") to the U.S. Patent and Trademark Office. With the Reply, Applicants included a Substitute Specification and a Marked-Up Copy of the Substitute Specification¹, in compliance with 37 C.F.R. § 1.125. Among other things, Applicants amended the title of the invention via the Substitute Specification. It appears,

¹ According to the Image File Wrapper (available to Applicants via the private Patent Application Information Retrieval (PAIR) system), the U.S. Patent and Trademark Office stamped the Substitute Specification with a date of November 14, 2005.

however, that the U.S. Patent and Trademark Office has not updated its records, including its electronic records, to reflect the new title.

Accordingly, Applicants respectfully request the U.S. Patent and Trademark Office to issue a corrected filing receipt to correct the title of the invention in its records (including its electronic records), so that the title properly reads:

--DEMAGNETIZATION OF MAGNETIC MEDIA FOR DATA STORAGE
DEVICE USING GRADUALLY REDUCED MAGNETIC FIELD--.

Applicants believe that no fees are due. However, the Commissioner is hereby authorized to debit Deposit Account No. 50-2198 for any fee deficiencies associated with filing this paper.

Respectfully submitted,
